**Under this Agreement you agree to phone or email David Barrett any time these rules are not followed email-
dfbarrett@eastlink.ca Ph: 902-452-8137**

- WHEREAS BLC has had problems with some of the general public:
1. Stealing wood and Christmas trees
 2. Dumping Garbage
 3. Abandoning old cars
 4. Having drinking parties
 5. Leaving alcohol bottles and litter
 6. Damaging woodland equipment
 7. Not giving log trucks the right-of-way or blocking access by parking in the way of
 - A.) Boat Ramps B.) On the side of the road C.) in truck turning spots D.) passing spots E) in front of gates
 8. Doing extensive damage to roads during Spring break-ups or soft weather
 9. Dog excrement not cleaned up
 10. Driving in ditches repassing or otherwise causing washouts
 - 11.) Tearing up roads, fields and newly planted trees with Off Highway Vehicles (OHV), going everywhere and anywhere
 - 12.) Leaving gates open
 - 13.) Driving around locked gates
 - 14.) Breaking Locks, Lending keys
 - 15.) Constructing fires
 - 16.) Driving nails into trees
 - 17.) Using trees for target practice.
 - 18.) Porcupines are a big problem

AND WHEREAS BLC spends between \$20,000 and \$50,000 per kilometre to build woodland roads, plus a large expenditure on the upkeep of the same, BLC has been forced to gate these roads. Maintenance of gates and keys costs an additional \$10,000 per year. If you become locked in behind gate, you must pay mileage and time for someone to come and let you out.

Both parties agree to abide by all conditions and stipulations contained herein. This Agreement will terminate on February 28, 2023, unless extended at BLC's sole discretion. However, it may be terminated at any time by BLC. This long-term Agreement can only be a success if you give your continued vigilance and support.

BLC hereby grants to the above person the right to use its forest access roads for recreational activities (except OHV & Motor Cycles used or commercial use) under the following conditions. **The key-holder must...**

1. Under no conditions does any motorized vehicle go around gates.
2. Not be a part of the problems listed above (1 – 17) and inform us so we will be able to continue your privileges. Please call David Barrett on his cell at 902-452-8137. Or send your phone number and concerns to him by email – dfbarrett@eastlink.ca
3. Remember that many of these roads pass over private land. Respect signs indicating land ownership. Land can change hands; permission from one owner does not give permission from other owners.
4. Be careful- subdivisions are now expanding deep into the wood.
5. Obey the **20 km/hr speed limit**; slower when dusty. The speed limit is 5km/hr when passing by people, horses, dogs, and woodpiles. Mud splashed on logs will ruin saw blades.
6. Not using vehicles when the roads are soft (frost is coming out, wet weather, non-gravelled roads etc). Because of soft roads, locks will be changed from March 1st to April 30th each year. No motorized vehicles what so ever.
7. Exercise extreme caution for yourself and others, especially during hunting and trapping season. We do not give permission to hunt and trap on BLC lands; it is the law of Nova Scotia which we do not dispute.
8. Respect any signs that may be erected such as: No Hunting, No Trespassing, No Motorized Vehicles, No Fires, Workers Ahead, posted speed etc. No rifles to be used within 1300 feet of forestry operation. Shotguns, 600 feet. Bow Hunters, 600 feet.
9. Use only rope and dead wood if a lean-to is made. NO NAILS. To be dismantled each time you leave if plastic is used.
10. Not construct tree stands using nails. There is no problem if tree stands are built without nails.
11. Not use our trees for target practice.
12. No trapping within one kilometer of homes.
13. Know where the gates are located before using our lands.
14. Dust- stop at gate until dust settles
15. Keep gates LOCKED at all times – for both directions of travel.
16. Watch out for second gates, windfalls, narrow bridges, washouts, narrow roads, bridges, people or vehicles working, roads that are off limits for vehicles or that have barriers on them, fire ponds, stream crossings, gravel pits, railway tracks, logging truck, truck ruts & icy roads, sink holes. Etc.
17. Do not lend keys.
18. Realize that this is a family key until son or daughter is working or has a vehicle of their own, at which time they must obtain their own agreement.
19. Ensure that your son or daughter adheres to this Agreement.
20. No parties. No Camping
21. Not permitted swimming without parental supervision or a lifeguard on duty.
22. Not use our roads or property for any illegal activity (deer jacking, drinking and driving, marijuana planting etc.).
23. Not use the roads after dark to dangerous, neighbours will call the police and I will put a different lock on
24. No fires, because of the fact that a number of times in the dry summer of 2020 fires were still burning the following morning during a fire ban. BLC has no choice but to ban all fires on our land year round including cook fires.
25. Remember that people, horses, dogs and forestry equipment have the right of way over all other vehicles.
26. Expect and respect other users.
27. Get written permission for swimming from BLC when woods roads are closed during a provincial fire ban. There may be a charge for this permit.
28. Always remove your dog's excrement from the roads and woodlands. (As of March 2023, everyone including walking and dog walking must form their own association).
29. If you leave a gate unlocked BLC will change the locked and you will be locked in and will have to pay for someone to let you out
30. Respect no hunting signs ex: Lockland Farm ect.
31. If you move give key back
32. Call ahead if you have a trailer to trucker
33. During wintertime harvesting operation, during snow conditions there is to be no cars or ½ ton trucks, etc. on the plowed forestry roads or parked in the gate area because there will be no place for the logging tractor trailers to pass. ATV 7 snowmobiles will have to turn around to where they can safety get off the road.
34. Any Family obtains permission on BLC Roads and in the future obtains an ATV has to go through the BLC ATV agreement and became a up to date BB ATV member

***Licensed and insured HIGHWAY vehicles accept motor cycles, under the control of responsible people are permitted to use our roads. As an indication of your responsibility and commitment to this agreement, we insist on a \$30 donation to a charity of your choice (Boy Scouts, Girl Guides, Churches, Salvation Army, IWK ect). There is also a \$20 charge to cover our expenses (keys, maps, mailings etc.) A replacement key or an extra key costs \$25. Extra maps are \$10. If anyone should require a key to find a lost dog or other reasonable purposes requested, they must give a \$300.00 cash deposit before a key will be issued. If you only want to use the Lakeland gate only the donation is requested.**

Gate	Name
1	Cantel Gate - closed
1A	Rivendale Gate - no key – under option
2	Windsor Junction Gate – land sold or under option - closed
3	Greenforest Gate - Frank Davis own lock
4C	Fenerty Strip - no trespassing because of garbage dumping etc?
5	Pennington Gate
6	Rossley Road Gate
7	Beaver Bank Lake Gate (double pin/Boy Scouts; or a triple pin/AT&T)
9	Roy Nicholson Gate
10	Wind Farm Gate
11	Warren Peters Road Gate (rented property – No Trespassing)
12	Cameron Lake Gate
13	Holland Road Gate
14	Grand Lake (Lands & Forests) - DNR own lock
15	Beamish Gate (Beamish has own lock)
16	Elmsdale Lumber Gate - Old Mines Road (double pin)
22	Johnson Gate – South East Uniacke Road
25	Flat Lake Gate (Vernon Kynock own lock)
29	Moore Gate – East Uniacke Road
.....and any other gates that may be erected.	

Signed _____ for Barrett Lumber Company (BLC)
 I hereby agree to the above terms and conditions and I also waive, on behalf of myself and any other person I may bring onto the property covered by this Agreement, all claims for injury and damage to our persons or property incurred while on the property owned by BLC and others, arising from any reason or cause whatsoever. Any use by me shall not create a public right of way or easement over these said lands. I acknowledge that if any of the above conditions are violated, all privileges for trespass on BLC land will be revoked and all keys must be returned to BLC.
 Signed _____ Please send my donation to _____

Dear Sir/Madam:
 Since 1978, Barrett Lumber Company Limited (BLC) has had in place a program whereby anyone requesting permission to use our woods roads is required to make a donation to a local charity or volunteer group of their choice, thereby showing they are a responsible citizen. The enclosed cheque is a result of this policy and comes to you through BLC. Please acknowledge the donation by sending a receipt to: _____

Barrett Lumber Company Woodland Overview Letter

Dear Sir/Madam:

We wish to thank all of you who help keep our woods an enjoyable, productive forest, especially those who clean up litter, etc. **If it were not for those of you who take the time to inform us about the road problems while they are "hot", we would have to consider closing our roads.** If we keep receiving information that helps us control the problems that develop, such as the ones listed below, we should be able to keep on top of the situation and retain our policy of letting responsible neighbours use our wood roads which, except for off-highway vehicles (OHV's) we now have a handle on.

Our lawyer told us to make sure that no lock is left on for more than 20 years.

In 1994, Barrett Lumber Company (BLC) was experiencing serious problems and had to change the locks that summer on the Fenerty and Beaver Bank Lake roads. The problem was that young people with access to their parents' keys were having drinking parties back at Square Lake, etc. With your help, the RCMP and neighbours, we were able to regain control and protect our land from possible fires, litter, broken glass, etc.

Because of the reckless use and destruction caused by OHV's on our woodlands such as dangerous speeds, general lack of respect, going anywhere and everywhere, tearing up the land and ditches and going around gates etc., BLC is forced to react by issuing a warning that if Beaver Bank ATV Club does not have a control of all OHV users of the BLC Timberland as of Feb 28, 2023, all OHV's will be completely banned from use on BLC properties.

As of 2011, BLC has a yearly agreement with the Beaver Bank ATV Club to authorize and manage OHV users on BLC wood land. An OHV user has to be a member in good standing of an OHV Club to get the authorization. If the Beaver Bank ATV Club doesn't step up to the plate and help me control the destruction by OHV's, I will close all our lands to OHV's, just as I had to do with the mini flea market (letter enclosed).

- There was a tragic accident at Rossley Gate Road with a racing snowmobile and, because of this, we are insisting that no one trespass on our lands without knowing where the gates are and about any other dangers that are present.
- Snowmobiles, 4-wheel, 3-wheel, and 2-wheel vehicles have been tearing up newly-planted trees, etc.
- We were not being informed of what was happening in our woods as much as we should have been.
- Some roads were being travelled while the frost was coming out of the ground in the spring. We have had to change the locks from March 15th to May 1st each year and some years between March 1st and May 1st.
- Some of our new roads, or extensions of old roads which we do not get gravelled, were being torn up, especially during hunting and fishing seasons.
- A lot of vehicles are being driven around gates, especially OHV's.
- We are getting reports of pedestrians and horseback riders having to leap out of the way of speeding OHV's.
- People were using our roads when they were too soft, thus causing damage.
- Some were driving on roads when they were too soft, thus causing damage.
- Some were driving nails into our trees.
- Deer-jacking or other illegal activity may cause any lock to be changed at any time.
- Written agreement and keys are given free of charge to all youth groups, schools, etc. that wish to use our roads, providing they come to a BLC Family Forest Stewardship meeting and sign our Stewardship Agreement.

TREE STANDS (WITH NAILS) because high-speed saws and nails are a deadly combination (shrapnel going through sawmills):
· All existing tree stands with nails MUST be dismantled and cut into four-foot blocks. Anyone constructing new tree stands with nails as of May 1, 2005 will be charged with destruction of property and any other charges that apply.

As you likely know, it would be much easier for BLC and the various property owners who are granting this permission to simply close off their roads. We hope we never have to do this. Please continue to inform us so that no problems get out of hand. We thank you for your support.

Some of the recreational uses of BLC timberlands under the Barrett Lumber Company Family Stewardship Agreement:

- | | | |
|-------------------------|--|---|
| 1. Cross country skiing | 13. Picnicking | 21. Girl Guides, including group camping |
| 2. Sleighing | 14. Berry picking | 22. Cadet Movement, including group camping |
| 3. Tobogganing | 15. Viewing wildlife | 23. Sitting by a lake or brook for peace of mind |
| 4. Fishing | 16. Nature walks | 24. A beautiful place to bring guests from away at any time of the year |
| 5. Boating | 17. Walking for enjoyment and health | 25. Dog sledding |
| 6. Canoeing | 18. As of February 28, 2023, anyone walking a dog on BLC land will have to belong to a dog or walkers association*** | 26. Nature/Educational opportunities |
| 7. Kayaking | 19. Admiring fall colours | |
| 8. Hiking | 20. Boy Scouts, including group camping | |
| 9. Jogging | | |
| 10. Horseback riding | | |
| 11. Bird watching | | |
| 12. Swimming | | |

*** A dog walkers & walkers association has to be formed and rules set in place, BLC will offer the Dog Walkers & Walkers Association an agreement to permit dog walkers and Walkers on BLC and Barrett Family lands. This has to be done to protect the dog walkers, walkers and the Barrett family from being sued over any incidents that may arise. For example in the summer of 2018, on separate occasions a logging truck and a person riding a horse were almost hit by speeding ATV's.

There is nothing I like better than to see responsible people enjoying our property. There is nothing that upsets me more than irresponsible use of our property. Always remember this, it is the renewable resources – logs, pulpwood, firewood, fuelwood chips, etc. from our Timberlimit that provides the income to pay the taxes, build and maintain these roads which so many of you enjoy.
